INDEPENDENT AUDITOR'S REPORT TO THE UNITHOLDERS OF CAPITAL ALLIANCE GILT FUND

Report on the Audit of the Financial Statements

Opinion

We have audited the Financial Statements of Capital Alliance Gilt Fund ("the Fund"), which comprise the statement of financial position as at 31st March 2025, and the statement of profit or loss and other comprehensive income, the statement of movement in unitholders' fund and the statement of cash flows for the year then ended, and notes to the Financial Statements, including a summary of material accounting policy information as set out on page 05 to 21.

In our opinion, the accompanying Financial Statements give a true and fair view of the financial position of the Fund as at 31st March 2025, and of its financial performance and its cash flows for the year then ended in accordance with Sri Lanka Accounting Standards.

Basis for Opinion

We conducted our audit in accordance with Sri Lanka Auditing Standards (SLAuSs). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Fund in accordance with the Code of Ethics for Professional Accountants issued by CA Sri Lanka (Code of Ethics), and we have fulfilled our other ethical responsibilities in accordance with the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Responsibilities of the Fund Management Company and the Trustee for the Financial Statements

Capital Alliance Investments Limited ("the Management") and the Trustee of the Fund ("the Trustee") are responsible for the preparation of Financial Statements that give a true and fair view in accordance with Sri Lanka Accounting Standards, and for such internal control as management determines is necessary to enable the preparation of Financial Statements that are free from material misstatement, whether due to fraud or error.

In preparing the Financial Statements, management is responsible for assessing the Fund's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Fund or to cease operations, or has no realistic alternative but to do so.

The Trustee is responsible for overseeing the Fund's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the Financial Statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an Auditor's Report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SLAuSs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Financial Statements.

BDO Partners, a Sri Lankan Partnership, is a member of BDO International Limited, a UK company limited by guarantee, and forms part of the international BDO network of independent member firms.

As part of an audit in accordance with SLAuSs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- identify and assess the risks of material misstatement of the Financial Statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Fund's internal control.
- evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- conclude on the appropriateness of management's use of the going concern basis of accounting, and based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Fund's ability to continue as a going concern. If we conclude that material uncertainty exists, we are required to draw attention in our Auditor's Report to the related disclosures in the Financial Statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our Auditor's Report. However, future events or conditions may cause the Fund to cease to continue as a going concern.
- evaluate the overall presentation, structure and content of the Financial Statements, including the disclosures, and whether the Financial Statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with the Trustee regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

Report on Other Legal and Regulatory Requirements

These Financial Statements also comply with the requirements of Rule 50 of the Collective Investment Scheme Code (CIS Code) issued by the Securities and Exchange Commission of Sri Lanka in terms of Section 183 of the Securities and Exchange Commission Act No 19 of 2021 and the Trust Deed.

CAPITAL ALLIANCE GILT FUND
MATERIAL ACCOUNTING POLICY INFORMATION TO THE FINANCIAL STATEMENTS

1. CORPORATE INFORMATION

1.1 General information

Capital Alliance Gilt Fund ("the Fund") is an open ended unit trust fund approved by the Securities and Exchange Commission of Sri Lanka. The Fund was launched on 12th August 2013.

The Fund is managed by Capital Alliance Investments Limited which is incorporated and domiciled in Sri Lanka. The registered office of the Management Company is located Level 5, "Millennium House", at No.46/58, Nawam Mawatha, Colombo 02. The Trustee of the Fund is Hatton National Bank PLC whose place of business is at "HNB Towers", No. 479, T. B. Jayah Mawatha (Darley Road), Colombo 10.

1.2 Operating activities

The investment objective of the Fund is to optimise income at very low levels of risk, essentially retaining the risk-free nature of government securities but offering the convenience of a unit trust.

1.3 Date of authorisation for issue

The Financial Statements of the Fund for the year ended 31st March 2025 were authorised for issue by the Management Company and the Trustee on 24th July 2025.

2. PREPARATION OF FINANCIAL STATEMENTS

2.1 Basis of preparation

The Financial Statements have been prepared on the historical cost basis unless otherwise indicated. The Financial Statements have been presented in Sri Lankan rupees. The statement of financial position has been presented on a liquidity basis.

2.2 Statement of compliance

The Financial Statements which comprise the statement of financial position as at 31st March 2025, statement of profit or loss and other comprehensive income, statement of movement in unitholders' funds and statement of cash flows for the year then ended, and a summary of material accounting policy information and other explanatory information have been prepared and presented in accordance with Sri Lanka Accounting Standards and the requirements of the Unit Trust Deed and Collective Investment Scheme Code (CIS Code 2022) of the Securities and Exchange Commission of Sri Lanka.

2.3 Basis of measurement

The Financial Statements have been prepared under the historical cost convention with the exception of certain assets and liabilities at fair value.

2.4 Going concern

These Financial Statements are prepared on the assumption that the Fund is a going concern i.e. as continuing in operation for the foreseeable future. It is therefore assumed that the Fund has neither the intention nor the necessity of liquidation.

2.5 Materiality and aggregation

Each material class of similar items is presented separately in the Financial Statements. Items of a dissimilar nature or function are presented separately unless they are immaterial.

MATERIAL ACCOUNTING POLICY INFORMATION TO THE FINANCIAL STATEMENTS

2.6 Significant Accounting Judgments, Estimates and Assumptions

The preparation of Financial Statements in conformity with SLFRSs/LKASs requires management to make judgments, estimates and assumptions that influence the application of accounting policies and the reported amounts of assets, liabilities, income and expenses. In the selection and application of the Fund's accounting policies, which are described below, the Fund Management Company is required to make judgments and assumptions and use assumptions in measuring items reported in the Financial Statements. These estimates are based on management's knowledge of current facts and circumstances, and assumptions based on such knowledge and expectations of future events. Actual results may differ from such estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the year in which the estimates are revised if the revision affects only that year or the year of the revision and future years as well, if the revision affects both the current and future years.

The management considers credit, liquidity and market risk and assesses the impact on valuation of investments when determining the fair value.

Management uses its judgment in determining the appropriate valuation technique for financial instruments that are not quoted in an active market. Valuation techniques commonly used by market practitioners are applied. Other financial instruments are valued using a discounted cash flow analysis based on the assumptions supported, where possible, by observable market prices or rates.

Determination of Fair Value and Fair Value Hierarchy

The Fund uses the following hierarchy for determining and disclosing the fair value of financial instruments by valuation technique.

- **Level 1:** quoted prices (unadjusted) in active markets for identical assets or liabilities
- **Level 2:** techniques which use inputs other than quoted prices included within Level 1, that are observable, either directly (i.e. as prices) or indirectly (i.e. derived from prices)
- **Level 3:** techniques which use inputs that are not based on observable market data

2.7 Summary of material accounting policy information**2.7.1 Financial instruments****2.7.1.1 Initial recognition**

Financial assets and liabilities are initially recognised on the trade date, i.e the date that the Fund becomes a party to the contractual provisions of the instrument. This includes purchases or sales of financial assets that require delivery of assets within the time frame generally established by regulation or convention in the marketplace.

2.7.1.2 Initial measurement of financial assets

The classification of financial assets at initial recognition depends on their contractual terms and the business model for managing the assets. At initial recognition, the Fund measures a financial asset at its fair value plus transaction costs that are directly attributable to the acquisition of the financial asset. Transaction costs of financial assets carried at FVTPL are expensed in the statement of profit or loss.

MATERIAL ACCOUNTING POLICY INFORMATION TO THE FINANCIAL STATEMENTS

2.7.1.3 Measurement categories of financial assets

The Fund classifies all of its financial assets in the following measurement categories:

- those to be measured at amortised cost
- those to be measured at fair value through profit or loss

2.7.1.4 Subsequent measurement**Amortised cost:**

A debt instrument is measured at the amortised cost if it is held within a business model whose objective is to hold financial assets in order to collect contractual cash flows and its contractual terms give rise to cash flows that are solely the payments of principal and interest on the principal amount outstanding.

Debt instruments at amortised cost in the statement of financial position comprise investments in the treasury bill repurchase agreements. Any gain or loss arising on derecognition is recognised directly in profit or loss and presented in realised gain/(loss) on debt instruments held at amortised cost.

Fair value through profit or loss:

A financial asset is measured at fair value through profit or loss if:

- (a) its contractual terms do not give rise to cash flows on specified dates that are solely the payments of principal and interest on the principal amount outstanding
or
- (b) it is not held within a business model whose objective is either to collect the contractual cash flows, or to both collect contractual cash flows and sell
or
- (c) at initial recognition, it is irrevocably designated as measured at FVTPL and when doing so eliminates or significantly reduces a measurement or recognition inconsistency that would otherwise arise from measuring assets or liabilities or recognising the gains and losses on them on different bases.

A gain or loss on a debt investment that is subsequently measured at FVTPL is recognised in profit or loss and presented net within unrealised gains/(losses) in the period in which it arises. Financial assets at fair value through profit or loss in the statement of financial position comprise investment in treasury bills.

2.7.1.5 Financial liabilities**a) Initial recognition and measurement**

The Fund determines the classification of its financial liabilities at initial recognition.

The Fund's financial liabilities comprise accrued expenses and other payables in the Statement of Financial Position.

MATERIAL ACCOUNTING POLICY INFORMATION TO THE FINANCIAL STATEMENTS

b) Subsequent measurement

The measurement of financial liabilities depends on their classification as described below:

Other financial liabilities

After initial recognition, other financial liabilities are subsequently measured at amortised cost using the EIR method. Gains and losses are recognised in the profit or loss and other comprehensive income statement when the liabilities are derecognised as well as through the EIR amortisation process.

2.7.1.6 Impairment

The Fund assesses on a forward looking basis, the expected credit losses (ECLs) associated with its debt instruments not held at fair value through profit or loss. The impairment methodology applied depends on whether there has been a significant increase in credit risk.

ECLs are based on the difference between the contractual cash flows due in accordance with the contract and all the cash flows that the Fund expects to receive, discounted at an approximation of the original effective interest rate.

ECLs are recognised in two stages. For credit exposures for which there has not been a significant increase in credit risk since initial recognition, ECLs are provided for credit losses that result from default events that are possible within the next 12 months (a 12-month ECL). For those credit exposures from which there has been a significant increase in credit risk since initial recognition, a loss allowance is required for credit losses expected over the remaining life of the exposure, irrespective of the timing of the default (a lifetime ECL).

The Fund uses the ratings from either Fitch Rating Lanka Limited or Lanka Rating Agency Limited as applicable to determine the significant deterioration in credit risk and to estimate the ECLs.

Consistent with the policies of the Fund, investments when rated below BBB- are considered as non-investment grade investments and the Fund considers such investments as having incurred significantly deteriorated credit risk. Such investments are considered for life time ECL calculation.

Further, movements within the ratings of the investment grade stipulate significant deterioration of credit risk. Significant deterioration is measured through a two-notch downgrade of the external credit rating of the counterparty since the origination of the instrument.

For debt instruments at amortised cost issued by Sovereign, the Fund applies the low risk simplification. The Fund's debt instruments at amortised cost comprise solely of Treasury bill repurchase agreements that are obtained from primary dealers with a collateral of either treasury bills or bonds that are graded in the top investment category- AAA rating, and therefore, are considered to be low risk investments.

Presentation of allowance for ECL in the statement of financial position

Loss allowances for financial assets measured at amortised cost are deducted from the gross carrying amount of the financial assets.

MATERIAL ACCOUNTING POLICY INFORMATION TO THE FINANCIAL STATEMENTS

Write-offs

The gross carrying amount of a financial asset is written off (either partially or in full) to the extent that there is no realistic prospect of recovery.

2.7.1.7 Derecognition

A financial asset is derecognised when,

- 1) the rights to receive cash flows from the asset have expired,
- 2) the Fund has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a 'pass-through' arrangement; and either,
 - the Fund has transferred substantially all the risks and rewards of the asset or
 - the Fund has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

2.7.1.8 Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount reported in the statement of financial position if, and only if:

- there is currently an enforceable legal right to offset the recognised amounts and
- there is an intention to settle on a net basis, or to realise the assets and settle the liabilities simultaneously.

2.2.2 Cash and cash equivalents

Cash and cash equivalents in the statement of financial position and statement of cash flows comprise cash at bank.

2.2.3 Payables and provisions

Payables are initially recognised at fair value, which is the fair value of the consideration to be paid in the future for goods and service received, whether or not billed to the Fund, and subsequently measured at amortised cost.

Provisions are recognised when the Fund has a present legal or constructive obligation as a result of past events, it is probable that an outflow of resources embodying the economic benefits will be required to settle the obligation and a reliable estimate of the amount of the obligation can be made.

2.2.4 Income tax

Current tax assets and liabilities for the current and prior year are measured at the amount expected to be recovered from, or paid to the taxation authorities. Until 31st March 2018, the Fund was liable to pay income tax at the rate of 10% in accordance with the Inland Revenue Act No. 10 of 2006. Subsequent to the enactment of the new Inland Revenue Act No. 24 of 2017, effective 01st April 2018, an eligible Unit Trust would not be liable for income tax on any income which is a 'pass through' to its Unitholders. Accordingly, post 31st March 2018, the Fund has considered all income as being a 'pass through' to its Unitholders.

MATERIAL ACCOUNTING POLICY INFORMATION TO THE FINANCIAL STATEMENTS

2.2.5 Recognition of income

Revenue is recognised to the extent that it is probable that the economic benefits will flow to the Fund and the revenue can be reliably measured. The following specific criteria must also be met before revenue is recognised.

(i) Interest Income

For all financial instruments measured at amortised cost, interest income is recorded using the effective interest rate (EIR), which is the rate that exactly discounts the estimated future cash payments or receipts through the expected life of the financial instrument or a shorter period, where appropriate, to the net carrying amount of the financial asset.

(ii) Realised (loss)/gain on financial assets at fair value through profit or loss

Unrealised gains/(losses) on financial assets held at fair value through profit or loss include all gains and losses that arise from changes in fair value of financial assets held at fair value through profit or loss as at the reporting date.

(iii) Unrealised (loss)/gain on financial assets at fair value through profit or loss

Realised gains/(losses) on financial assets held at fair value through profit or loss include results of buying and selling of units.

2.2.6 Expenses

The Management fees, Trustee fees and Custodian Fees of the Fund as per the Trust Deed are as follows.

Management fee	-	0.50% of Net Asset Value of the Fund
Trustee fee	-	0.13% p.a. of net asset value of the Fund
Custody fee	-	Flat fee of Rs. 20,000/- per month

During the 2024/25 financial year, the custodian waived its fees for this fund.

2.2.7 Unitholders' Fund and net assets attributable to Unitholders

Unitholders' Fund has been calculated as the difference between the carrying amounts of the assets and the carrying amounts of the liabilities other than those due to Unitholders as at the reporting date.

Units can be issued and redeemed based on the Fund's net asset value per unit, calculated by dividing the net assets of the Fund as described in the Trust Deed and directives issued by the Securities and Exchange Commission of Sri Lanka, by the number of units in issue. Income not distributed is included in net assets attributable to Unitholders.

3. FINANCIAL RISK MANAGEMENT

Risks arising from holding financial instruments are inherent in the Fund's activities, and are managed through a process of ongoing identification, measurement and monitoring. The Fund is exposed to credit risk, market risk, liquidity risk and economic risk.

Financial instruments of the Fund comprise cash at bank.

MATERIAL ACCOUNTING POLICY INFORMATION TO THE FINANCIAL STATEMENTS

The Management Company is responsible for identifying and controlling the risk that arises from these financial instruments. The Management Company agrees to policies for managing each of the risks identified below.

The risks are measured using a method that reflects the expected impact on the statement of profit or loss and other comprehensive Income and Statement of Financial Position of the Fund from reasonably possible changes in the relevant risk variables. Information about these risk exposures at the reporting date, measured on this basis, is disclosed below.

The Management Company also monitors information about the total fair value of financial instruments exposed to various risks, as well as compliance with established investment mandate limits. These mandate limits reflect the investment strategy and market environment of the Fund, as well as the level of risk that the Fund is willing to accept, with additional emphasis on selected industries. This information is prepared and reported to relevant parties within the Management Company on a regular basis as deemed appropriate, including the Fund Manager, other key management, Risk and Investment Committees and ultimately the Trustees of the Fund.

Concentration of risk arises when a number of financial instruments or contracts are entered into with the same counterparty, or where a number of counterparties are engaged in similar business activities, or activities in the same geographic region, or have similar economic features that would cause their ability to meet the contractual obligations to be similarly affected by changes in economics, political or other conditions.

3.1 Credit risk

Credit risk is the risk that the counterparty to the financial statements will fail to discharge an obligation and cause the Fund to incur a financial loss.

The Fund is subject to credit risk on its bank balance, investment in treasury bill reverse repurchase agreements and receivables. The credit risk exposure on these instruments is not deemed to be significant.

3.1.1 Debt securities

The Fund invests in debt securities which are risk free investments and low risk investments. An analysis of debt securities by rating is set out in the table below.

	31 st March 2025 Rs.	31 st March 2024 Rs.
Risk rating		
Risk free	-	1,979,344
Low risk	2,790,205	615,720
Total	2,790,205	2,595,064

The investments grading of the issuer is as follows:

Issuer	Rating	Rating Agency
Capital Alliance PLC	A	Lanka Rating Agency Limited

MATERIAL ACCOUNTING POLICY INFORMATION TO THE FINANCIAL STATEMENTS

3.1.2 Cash and cash equivalents

All counterparties have a rating of AA- as determined by the Fitch rating agency. However, in accordance with the Fund's policy, the investment manager monitors the Fund's credit position on a daily basis, to maintain credit risk at a minimum level.

3.1.3 Credit risk by class of financial assets

As at 31 st March 2025	12-Month expected credit losses Rs.	Life time expected credit losses not credit impaired Rs.	Life time expected credit losses credit impaired Rs.	Total Rs.
Financial assets				
Financial assets at amortised cost	2,790,205	-	-	2,790,205
Other receivables	143	-	-	143
Cash and cash equivalents	855,809	-	-	855,809
	3,646,157	-	-	3,646,157

As at 31 st March 2024	12-Month expected credit losses Rs.	Life time expected credit losses not credit impaired Rs.	Life time expected credit losses credit impaired Rs.	Total Rs.
Financial assets				
Financial assets at amortised cost	615,720	-	-	615,720
Other receivables	10	-	-	10
Cash and cash equivalents	156,659	-	-	156,659
	772,389	-	-	772,389

There are no difference in the net exposure to the credit risk and the maximum exposure to the credit risk for the above financial assets.

3.2 Market risk

3.2.1 Cash flow and fair value interest rate risk

The Fund is exposed to cash flow interest rate risk on financial instruments with variable interest rates. Financial instruments with fixed rates expose the Fund to fair value interest rate risk. The Fund's interest bearing financial assets are exposed to risks associated with the effect of fluctuations in the prevailing levels of market interest rates on its financial position and cash flows. The risk is measured using the sensitivity analysis.

MATERIAL ACCOUNTING POLICY INFORMATION TO THE FINANCIAL STATEMENTS

The Fund's policy is to hold all its net assets attributable to unitholders invested in debt securities. The table below summarises the Fund's exposure to interest rate risks. It includes the Fund's assets and liabilities at fair values, categorised by the earlier contractual re-pricing on maturity dates.

	Floating interest Rs.	Fixed interest Rs.	Non-interest Rs.	Total Rs.
As at 31st March 2025				
Financial assets				
Cash and cash equivalents	Nil	Nil	855,809	855,809
Financial assets at amortised cost	Nil	2,790,205	Nil	2,790,205
Other receivables	Nil	Nil	143	143
Total exposure	Nil	2,790,205	855,952	3,646,157

	Floating interest Rs.	Fixed interest Rs.	Non-interest Rs.	Total Rs.
As at 31st March 2024

3.3 Summarised sensitivity analysis

The following table summarises the sensitivity of the Fund's operating profit and net assets attributable to unitholders' interest rate risk and other price risks. The reasonably possible movements in the risk variables have been determined based on management's best estimate, having regard to a number of factors, including historical level of changes in interest rates, historical correlation of the Fund's investment with the relevant benchmark and market volatility. However, actual movements in the risk variables may be greater or less than anticipated due to a number of factors, including unusually large market shocks resulting from changes in performances and correlation between the performances of the economies, markets and securities in which the Fund invests. As a result, historic variations in risk variables should not be used to predict future variations in the risk variables.

	Impact on operating profit/net assets attributable to unitholders' interest rate risk 31 st March 2025	Impact on operating profit/net assets attributable to unitholders' interest rate risk 31 st March 2024
Change in interest rate of the trust's investment in trading securities:		
+1%	27,902	25,951
-1%	(27,902)	(25,951)

3.5 Economic risk

The decelerated trend was witnessed in year on year Inflation measured by the CCPI (2021=100) which recorded at 0.70 % in March 2025 from 3.40% in April 2024.

Interest rates displayed a declining trend during the period. The benchmark 12-month Treasury bill rate which was at 10.28% p.a. in April 2024 recorded a drop to 8.25% p.a. by the end of March 2025. Yields on long-term Treasury bonds also followed a decreasing trend. Central Bank key policy rates were gradually reduced two times during the financial year 2024/25. As of end March 2025, the SDFR, SLFR and SRR were at 7.50%, 8.50% and 2% respectively.

The exchange rate which was at 300.4081 (Rs/US\$) at the beginning of April 2024, depreciated by 1.35% against USD during the year and was recorded at 296.3472 (Rs/USD) as at 31st March 2025.

The United States has introduced new reciprocal tariffs under President Donald Trump, significantly impacting global trade. Sri Lanka is among the top 10 countries affected, with tariffs reaching up to 44%. Due to tariff announcement, the equity market took a nosedive, dropping 4.5% - its biggest one-day drop in 2 years, which was at the peak of the economic crisis. Government securities also lost ground, as yields rose between 20-50 bps across the curve (from the tariff announcement to the pause) which saw the Treasury utilise its cash buffers at auctions to limit volatility in interest rates while reducing borrowing needs from the market as recommended by the IMF. Then, when the 90-day pause was announced, equity markets did a 180, bouncing back 4.7% in a single day, with bond yields falling 20-40 bps to date since the pause.

The Fund's management continuously monitors these macroeconomic factors and employs diversification and portfolio adjustments to mitigate potential adverse impacts.

MATERIAL ACCOUNTING POLICY INFORMATION TO THE FINANCIAL STATEMENTS

3.6 Capital risk management

The Fund considers its net assets attributable to Unitholders as capital, notwithstanding net assets attributable to Unitholders are classified as a liability. The amount of net assets attributable to Unitholders can change significantly on a daily basis as the Fund is subject to daily applications and redemptions at the discretion of Unitholders.

Daily applications and redemptions are reviewed relative to the liquidity of the Fund's underlying assets on a daily basis by the Management Company. Under the terms of the Unit Trust Code, the Management Company has the discretion to reject an application for units and to defer redemption of units if the exercise of such discretion is in the best interests of unitholders.

The following is the disclosures of the Unitholders' Fund.

The movement in the Unitholders' Fund as at 31st March 2025

I. In terms of Value

	Rs.
Unitholders' Fund as at 01 st April 2024	2,736,299
Creations during the year	10,203,477
Redemptions during the year	(9,628,437)
Total comprehensive income for the Year	283,269
Unitholders' Fund as at 31 st March 2025	3,594,608

II. In terms of number of Units

	No. of Units
Opening number of units as at 01 st April 2024	222,558
Unit creations during the year	792,616
Unit redemptions during the year	(743,607)
Closing number of units as at 31 st March 2025	271,567

As stipulated within the Trust Deed, each unit represents a right to an individual share in the Fund and does not extend to a right to the underlying assets of the Fund. There are no separate classes of units and each unit has the same rights attaching to it as all other units of the Fund.

	2024/2025 Rs.	2023/2024 Rs.
4. INVESTMENT INCOME		
Interest on treasury bill repurchase agreements	96,092	79,390
Interest on treasury bills	216,089	351,400
	<u>312,181</u>	<u>430,790</u>

5. INCOME TAX EXPENSE

Following the enactment of the new Inland Revenue Act No. 24 of 2017 effective from 1st April 2018, the Fund is deemed as conducting an eligible investment business and is treated as a tax pass through vehicle. Hence, no provision for income tax was made in the Financial Statements for the year ended 31st March 2025.

12. CONTINGENT LIABILITIES AND CONTINGENT ASSETS

12.1 Contingent liabilities
There were no contingent liabilities as at the reporting date.

12.2 Contingent assets
There were no contingent assets as at the reporting date.

13. EVENTS AFTER THE REPORTING DATE

There have been no material events occurring after the reporting date that requires adjustments or disclosure on the Financial Statements.

14. CAPITAL COMMITMENTS

The Fund does not have significant capital commitments as at the reporting date.

15. ASSETS PLEDGED

There were no assets pledged as securities as at the reporting date.

16. UNITS IN ISSUE AND UNIT PRICE

Units in issue and deemed to be in issue as at 31st March 2025 are 271,566.75 (2024 - 222,558.12) and Unit price as at this date is Rs.13.2366 (2024 - Rs.12.2948).

17. FAIR VALUE OF FINANCIAL INSTRUMENTS

The following table shows an analysis of financial instruments recorded at fair value by level of the fair value hierarchy:

Financial assets carried at fair value

	Level 1 Rs.	Level 2 Rs.	Level 3 Rs.	Total Rs.
As at 31st March 2025				
Financial assets at fair value through profit or loss	-	-	-	-
As at 31st March 2024				
Financial assets at fair value through profit or loss	1,979,344	-	-	1,979,344

Assets for which fair value approximates carrying value

For financial assets and financial liabilities that have a short-term maturity (original maturities less than a year), it is assumed that the carrying amounts approximate their fair values.

Accordingly, the following is a list of financial instruments whose carrying amount is a reasonable approximation of fair value.

Assets

Financial assets at amortised cost
Other receivables
Cash and cash equivalents

Liabilities

Accrued expenses
